

A roadmap of minor studies for students at the Fontys School Allied Health Professions.

The overview below provides administrative steps per track that you need to take in order to pursue a minor while studying at the Fontys School for Allied Health Professions.

If you still have questions, send them to minor-paramedisch@fontys.nl or ask your student coach.

Track 1

I am going to pursue a minor at Fontys.

step	Description
1	Approximately six months before the minor* begins, choose the Fontys minor that you want to pursue via aanbod minors FPH or aanbod Minors Fontys .
2	Registration for the selected Fontys minor is done through Progress → the study component → Fontys minor → 'your selected minor' in Progress (see image below). This step is necessary in order to receive access to the study material (Canvas) and in order for your credits to be awarded.
3	After completing the minor, e-mail your degree (PDF-document) or (the confirmation of completion) and your Fontys student number to minor-paramedisch@fontys.nl in order for your credits to be awarded in Progress. <i>An exemption applies to students at the Fontys School for Allied Health Professions who pursue a minor taught by the school. These students are awarded their credits automatically and do not have to e-mail their degree.</i>

The screenshot shows the 'Progress' portal interface. On the left is a dark sidebar with navigation options: Dashboard, Beheer, Selecties, Docent, Student (selected), Info, Resultaten, and Intekenen. The main content area is titled 'Intekenen voor studieonderdelen' and features a search bar with 'Studentnummer/naam' and 'Alle richtingen'. Below this is a section 'Overzicht intekeningen' with a sub-section 'Intekenen' containing a list of 'Fontysminors' with start dates: 'Start Februari 2022' and 'Start September 2022'.

*The procedures and deadlines of the selected minor apply.

Deadlines can be found on the minor portal <https://fontys.nl/Studeren/Minoren.htm>.

Note! Some minors apply a numerus fixus (intake restriction) and tend to fill quickly.

Track 2

I am going to pursue a minor in the Netherlands that is approved by the Fontys School for Allied Health Professions.

step	Description
1	Approximately six months before the minor* begins, choose your minor via KiesOpMaat and check whether the minor you have selected appears on the examination board's lijst met goedgekeurde minoren (a PDF-document for each study**). If it does, e-mail the filled in learning agreement of the minor you have selected to minor-paramedisch@fontys.nl to be signed by Fontys School For Allied Health Professions.
2	After both parties have signed your learning agreement, register for the study component Fontysminors '2557FMEXTN External Minor' in Progress (see image below) This is necessary in order to award you your credits.
3	Sign up at the institution that offers the minor that you have selected and pursue the study programme you wish.
4	After completing the minor, e-mail your minor degree (PDF-document) and your Fontys studentnumber to minor-paramedisch@fontys.nl and you will be awarded your credits.

** Uitleg minoren

Hieronder staan de lijsten met de al goedgekeurde minoren per opleiding.
Kolom toestemming: Ja. **Let op:** de instelling die de minor verzorgt kan ingangseisen stellen. Het is aan de student zelf om dit te controleren/na te vragen. De examencommissie FPH heeft daar geen invloed op.

Voor meer informatie over het aanvragen van toestemming voor een minor en waar je je leerovereenkomst naartoe moet sturen: lees artikel 19 van de [Regels & Richtlijnen](#).

[Stappenplan Leerovereenkomst en inschrijving.pdf](#)

Let op: het e-mailadres in het stappenplan is gewijzigd naar minorfph@fontys.nl.

*The procedures and deadlines of the selected minor apply. Deadlines can be found on the minor portal <https://fontys.nl/Studeren/Minoren.htm>.

Note! Some minors apply a numerus fixus (intake restriction) and tend to fill up quickly.

Track 3

I am going to pursue a minor in the Netherlands that has not or has not yet been approved by the Fontys School for Allied Health Professions.

step	Description
1	Approximately six months before the minor* begins, choose your minor via KiesOpMaat . If it has not or has not yet been approved by the examination board, submit a request to the examination board via Examination Board Fontys Allied Health Professions → New Item (you can find a description of how to do this on the examination board portal under Rules & Regulations articol 19.2 in order to ask whether they might still approve it. Here you will find a list of minors that the examination board has already approved.
2	After approval by the examination board, e-mail the filled in learning agreement to minor-paramedisch@fontys.nl to be signed by the Fontys School for Allied Professions.
3	After both parties have signed your learning agreement, register for the study component Fontysminors '2557FMEXTN Externe Minor' in Progress (see image below). This is necessary in order to award you your credits..
4	Sign up at the institution that offers the minor that you have selected and pursue the study programme you wish.
5	After completing the minor, e-mail your minor degree (PDF-document) and your Fontys student number to minor-paramedisch@fontys.nl and you will be awarded your credits.

The screenshot shows the 'Intekenen voor studieonderdelen' page in the Fontys student portal. It features a search bar with 'Studentnummer/naam' and 'Alle richtingen' dropdowns. Below is a section titled 'Overzicht intekeningen' with a search icon. Underneath, there is a list of 'Fontysminors' with two entries: 'Start Februari 2022' and 'Start September 2022'. The left sidebar shows navigation options like 'Dashboard', 'Beheer', 'Selecties', 'Docent', 'Student', 'Info', 'Resultaten', and 'Intekenen'.

* The procedures and deadlines of the selected minor apply.
Deadlines can be found on the minor portal.
<https://fontys.nl/Studeren/Minoren.htm>.
Note! Some minors have a numerus fixus (intake restriction) and tend to fill up quickly.

Track 4

I am going to pursue a minor abroad

step	Description
1	A year before the minor starts, begin gathering information at StudyAbroad . Discuss this with your student coach. If necessary, your student coach can refer you to the internationalisation study programme coordinator (OCI) for customisation and questions, for example about housing.
2	Organise a learning agreement for the minor abroad that you have selected via the Mobility Online platform.
3	Submit a minor abroad request to the examination board via Examination Board Fontys Allied Health Professions → New Item
4	After both parties have signed your learning agreement, register for the study component Fontysminors 2557FMBUIT Minor Abroad in Progress (see image below) This is necessary in order to award you your credits.
5	After completing the minor, e-mail your minor degree (PDF-document) and your Fontys number to minor-paramedisch@fontys.nl and you will be award your credits.

The screenshot shows the 'Progress' application interface. The top navigation bar is blue with the 'Progress' logo and a menu icon. A dark sidebar on the left contains navigation options: Dashboard, Beheer, Selecties, Docent, Student (highlighted), Info, Resultaten, and Intekenen (highlighted). The main content area is titled 'Intekenen voor studieonderdelen' and features a search bar with 'Studentnummer/naam' and 'Alle richtingen'. Below this is a section for 'Intekenen' with a 'Fontysminors' sub-section. Two items are listed: '15 Start Februari 2022' and '15 Start September 2022', both with a '15' icon.
